Phnom Penh Solar Photovoltaic Energy Storage Company

Company Profile. Khmer Solar was founded in 2000 to serve rural Cambodians without access to the electric grid to provide a reliable source of power. Our mission is to assist in the development of Cambodia by providing customers with high quality solar electric systems at a reasonable price with excellent customer and technical services.

Ken Bradley, the company's director of business development, said yesterday that after years of routine installations in rural areas, Kamworks is considering opportunities to deploy solar technologies in Phnom Penh's urban jungle. He said the initial focus would likely be on new residential developments, such as apartment buildings and condominiums.
