

# United Arab Emirates Energy Storage Battery Project Tender Announcement

What is the Emirate of Abu Dhabi power project?

The project will closely follow the model of the Emirate of Abu Dhabi's successful independent power project programme, where developers enter into a long-term agreement with EWEC as the sole procurer.

Will the UAE deploy 300mw/300mw of Bess capacity by 2026?

It follows EWEC's recommendation made this time last year that the UAE should deploy 300MW/300MWh of BESS capacity by 2026. It didn't reveal when it hoped the 400MW (MWh capacity undisclosed) would come online,so it's not clear whether this is part of a longer-term target or whether its forecasted needs have increased.

What is a standalone energy storage project?

The standalone independent energy storage project involves the development, financing, construction, operation, maintenance and ownership of a greenfield battery BESS with a power capacity of 400 megawatts (MW) and one hour of storage depth with associated infrastructure, EWEC disclosed in a public statement.

How does EWEC support the government of Abu Dhabi?

EWEC is supporting the government of Abu Dhabi and the government of the UAE by enabling the reduction of cost whilst also providing the increased security of supply that comes from a cleaner, larger, and more integrated system.

Is Dubai building a 250MW PHES plant?

Dubai Electricity and Water Authority (DEWA), a utility in the neighbouring Emirate of Dubai, is building a 250MW PHES plant for a reported 2024 operation.
