Right off the bat, the differences start with how the Windows license is obtained. Windows 11 Pro is a standalone operating system, and you can either buy a PC with it preinstalled, upgrade from ...

A typical example that I see is that the off brand battery will last 5 hours of use while the Dell will last 6 or more. Also after only six months the aftermarket battery will then only last 4 hours while the Dell will hold a full charge for more than a year. Plus with batteries you always have to worry about quality control, if manufactured ...
